

### The Meeting of the Legislature.

At 12 o'clock on Tuesday the Senate and House were called to order, and business commenced. The session promises to be a lively one, and much good is expected from it. The Governor's message was received and read. It was received too late for comment by us this week, but we will write upon it in our next issue.

### The South Carolina Railroad.

A movement is on foot now, to take the case of the South Carolina Railroad out of the courts, and suspend the litigation about it. It is found, since the road has been under the management of Receiver Fisher, that it can be made to pay all interested parties, and as it stands at present, only the first mortgage holders are receiving anything, the balance being expended in law. A committee, headed by Col. Richard Lathers, of New York, representing \$500,000, of the second mortgage bonds, are now in Charleston for the purpose of bringing about a settlement, which, in substance, is about as follows:

1st. Cut off the April 1880, and preceding coupons from the second mortgage bonds and fund them in Third mortgage income bonds.

2d. Reduce the interest on the second mortgage bonds to 3 per cent for the year 1880, and 4 per cent, 5 per cent, 6 per cent, 7 per cent, increasing 1 per cent every year until 7 per cent is reached. But, if the road earns enough to pay more than this reduced rate, it is to pay it to the bondholders up to 7 per cent.

3d. Fund all non-mortgage bonds and interest thereon, in the above-mentioned third mortgage income bonds.

4th. Sell all first mortgage bonds belonging to the company at not less than par, and apply the proceeds to the payment of loans secured by the same.

5th. Settle with the holders of the floating debt by paying them in second mortgage bonds, interest reduced as above at 80 per cent, and for the interest on their loans they shall take Third mortgage income bonds.

6. Procure legislation to make the majority of the stock control the election, instead of the voting system of voting now existing.

7th. Require the stock to be placed with trustees and voted as directed by the second mortgage bondholders until the road is able to pay interest on its income bonds.

8. All securities except the first mortgage to be deposited with the Central Trust Company of New York and negotiable receipts given during the completion of this proceeding.

### News Items.

U. S. Grant, jr., is said to be engaged to a daughter of Flood, the California Millionaire.

A delegation of the Ute Indian chiefs are to go to Washington to lay their wrongs before Secretary Schurz. They all deny any knowledge as to what members of their tribe were concerned in the Thornburg massacre.

In Iowa, corn is selling at eighteen and twenty cents per bushel, and there is hardly any market for it even at that price. The State only raises between 150,000,000 and 200,000,000 bushels this year.

The Mammoth Cave of Kentucky has been sold for \$200,000. The purchasers are Northern men and they propose to have all the surroundings fit up and made very attractive for visitors. It is also intended to have a railroad running to it, thus making it more accessible to the outside world.

Two persons were executed in South Carolina this Friday. Ed. Holmes, the colored man who committed an outrage upon the two year old daughter of Mr. A. B. Humphreys, in August last, was hanged in Union county jail. A large crowd of people had assembled in town to see it, but as the law has done away with public executions, only about ten guardsmen were allowed to see it. George Gary, also colored, was hanged at Beaufort, for the murder in March last, of Cyrus Brown, colored.

The Sumter Watchman publishes an extract from a letter received in that town from Stewart, the colored lawyer who used to be around Camden about two years ago as a school teacher. He is now in Kansas, and says that he has found G. P. Leslie the infamous carpet bagger who was land commissioner of South Carolina, during Radical rule. Leslie has been living there in seclusion, thinking that if our present State officials ever found him out they would have him brought back here immediately and tried for his rascality. Says if he had the same road to go over again he would steal the whole State next time. Thus the last one of those thieves has escaped justice, and not one has been punished.

The long expected invasion of Peru by Chilean forces is at last accomplished fact. On Sunday, November 2d, a Chilean fleet of sixteen sail appeared off Pisagua, opened upon, and silenced the batteries of the allies on the heights behind the town, and covered the landing of a large body of Chilean troops. An obstinate resistance was made to the landing and many men were killed, but the Bolivian force who garrisoned the town, finally re-

treated to San Bernardo, leaving Pisagua in the hands of the Chileans. Subsequently the Bolivians continued their retreat to Pera Grande, seventeen miles from Iquique, where the allied forces expect to make a stand. The Chileans are said to number twelve thousand, well armed, thoroughly disciplined men, the flower of the Chilean army. The allies number about nine thousand, and if properly handled in the rough country back of Iquique, whither the Chileans are advancing, should be able to beat the invaders off. They are under the command of Gen. Buendia, an officer who has seen service. The Chileans who are commanded by Gen. Escala, had, at last accounts, penetrated the country to Santa Catalina, a march of a day and a half from the position of the allies. The Peruvian columns of Gens. Prado and Daza are thought to be advancing from Arica and Tarma, directly in the rear of the Chileans. A battle must soon take place.

### Notice to Teachers.

The examination of applicants for certificates of qualification to teach in the public schools of Kershaw county will be held at the Court House in the following order:

Saturday, November 15th, for First Grades alone.

Saturday, November 22nd, for Second Grades alone.

Saturday, November 29th, for Third Grades alone.

The examination will then cease for the present fiscal year. No certificate of qualification will be valid unless it emanates from the second series of questions which we have just received. Therefore teachers who hold certificates of qualification granted heretofore will have to be re-examined. A first grade certificate issued from the series referred to will be valid for three years, and second grades for two years; but third grades are to be examined annually. Applicants will take notice of the above, and govern themselves accordingly. Done by order of the Board.

JOEL HOUGH, Chairman.

In answer to numerous enquiries, I will state that the public schools will open December 1st.

JOEL HOUGH, Chairman.

In pursuance of an order made in this cause, dated 10th Feb., 1879, I will sell at the Court House door in Camden, on the 1st Monday in December, (1) during the legal hours of sale:

All those parcels of land, with the buildings thereon, situated in the town of Camden, county and State aforesaid, viz: Part of lot known and distinguished in the plan of said town as number seven hundred and seventy-three, measuring one hundred feet on Broad street and three hundred and twenty-two feet on DeKalb street, bounded north by lot No. 772, East by remaining portion of lot No. 773, south by DeKalb street, west by Broad street, and known as the "DeKalb House."

Terms, one-half cash, and the balance on one and two years time, with interest from date of sale, secured by bond of purchaser and mortgage of premises sold. Premises to be insured and policy assigned.
